If the South's Conservative Here Is Reason Why

Pick up a newspaper almost any day now and you will find yourself reading such contradictory items as these:

Item No. 1: Northern industry is shifting to the South.
Item No. 2: Bill Vecek says the reason he sold the Cleveland Indians is, that was the only way he could realize a substantial profit out of his investment.

(Vecek's exact words were: "The only way a man can make any big chunk of money under the present tax setup is to sell something he has created and to take advantage of the capital gain provision.")

("I could have borrowed the money I needed in any one of several places, but I couldn't have paid it back in less than 20 years after taxes. I don't want my children to be in hock to a creditor.")

The items are contradictory at least on the surface, because they make you wonder how the South is going to be developed industrially under an income tax schedule so prohibitively high that a man has to depend on a sale rather than an operating profit.

Well, the way this contradiction will resolve itself is this: The industrial expansion will come along all right — but the high income tax will force it to assume the form of branch factories of existing Northern companies, rather than new and independent companies originating in the South.

This is a most irritating and unjust situation. It resembles everything else that the government has tried and fumbled — such as the maintenance of high tariffs to protect special industries from colonial days, and the rigging of the railroad freight rate structure to help existing big factories and cities and hurt new plants and new cities which threaten to rise up as competitors.

In the early days of King Roosevelt a country newspaper publisher from Alabama named Mudd wrote a fiery booklet warning the South that New Deal income tax schedules would hurt it worse than any other section — because it "will drain off to Washington all the investment resources which other sections have already built up but which the South has still to accumulate."

His name was Mudd but his words smelled of the true earth. Sure, the South is inclined to be conservative and anti-New Deal. And why not? If we're going to have new industries we'd like the chance to own and run them ourselves.

Gen. Feldman in for More Trouble

Washington, Nov. 23 — (UP) — Maj. Gen. Herman Feldman, whose wings were singed in the senate "five per cent" investigation, today faced another congressional inquiry on alleged "big rigging" by a branch of the army quartermaster corps.

Chairman Emanuel Celler, (D-NY) of a house judiciary subcommittee, said he was "invited" to the quartermaster general to appear at his convenience.

He hastened to add that there is "no evidence" linking Feldman directly to the charges.

"But the allegations to pertain directly to the quartermaster corps and I believe he should be given an opportunity to explain the circumstances," Celler said.

The charges were made by Orville Morrison, of Philadelphia, president of the Sunroc Refrigerator Co. They involved a \$100,000 contract for electric water coolers awarded the Westinghouse company by the Chicago quartermaster's office last October.

Hope Students Appear in Publication

Biographical sketches of six members and three juniors from Hope High School will appear in the 1949-50 edition of the High School Register, as announced by Thomas C. Holt, principal.

The seniors are: Carolyn Holdridge, Burgess Garrett, Melvin Thrash, Jo Ann Burroughs, Don Holt, and Marcel Smith. The juniors are: Carolyn Hawthorne, Bobby Phipps, and Tawanna Green. These students were elected by the faculty and their names have been confirmed by the editors of the publication.

The High School Register is a biographical index of outstanding students selected from schools accredited by regional association or by several states.

One Injured in Auto Wreck Near Emmet

James H. Saunders, of Chicago, suffered a head injury and face lacerations about 9:30 a.m. today when the automobile which he was driving hit a bridge on Highway 67, 3 miles north of Emmet. He was riding alone.

The wreck was investigated by State Policemen Downing and Murphy. The car was badly damaged.

700 Turn Out for Huge Homecoming Program at Patmos Sponsored by 'SWAP': Congressman Harris Is Speaker

Good Ending After a Bad Start

Orangeburg, S. C., Nov. 23 — (UP) — A teen-aged couple who stole three rings in order to do their wedding right were happily married today, and they had a forgiving jeweler to thank for their wedded bliss.

Lover Metts, genial owner of the jewelry store from which the rings were taken, dropped grand larceny charges against the couple yesterday. He said they "were only trying to follow a decent tradition" and just got off on the wrong foot.

Then, after their parents approved, the forgiving Metts proceeded to clear the way for their wedding. He made all the arrangements and was the only guest.

He drove the couple to the parsonage of the First Baptist church where the Rev. J. M. Lane performed the ceremony. The couple used the same rings they had taken from Metts' store.

"The parents bought those same rings from me," Metts said. "That wouldn't happen again in a thousand years, would it?"

The boy and girl were Barbara Jean Metts, 17, of Silver Springs, Md., and Herbert Burnside Lowry, Jr., 18, of Washington. They were arrested in a cafe here Monday night when they took the rings from Metts' store.

"They told officers they slipped away from Washington Friday and drove here to be married. They had 24 hours to wait after applying for a license Monday, so they began looking through jewelry stores to pass the time."

In Metts' store, young Lowry said, he suddenly thought how nice it would be if he could have the traditional rings for his bride. So while she looked at rings in the rear of the store, he pocketed a wedding band, an engagement ring and a dinner ring from a front display window.

Metts said the three rings had a total retail value of about \$125. Yesterday James Betts, the girl's father, and Mr. and Mrs. Herbert B. Lowry, parents of the boy, came here to get them.

After a conference with the couple and the parents, Metts decided not to press charges.

Hardin Again to Head State Farm Bureau

Little Rock, Nov. 23 — (AP) — Joe C. Hardin of Grady today begins his second term as president of the Arkansas farm bureau federation.

He was reelected by delegates here who closed their 1949 convention last night after adopting about 75 resolutions.

Walter D. May, Jr., of Marion, was chosen vice president.

Board members are: Edgar P. Johnson of Sebastian; E. H. Clark of Crittenden; Ralph Hudson, Boone; R. L. McGill, Poinsett; Wiley Jones, St. Francis; S. C. Mack, Johnson; R. E. Salice, Randolph; J. C. Jones, Pope; Leon Garot, Arkansas, and Fred B. Blake, Ashley.

One resolution calls for passage by the 1951 legislature of a law to permit counties to vote for local road taxes. The federation will sponsor a drive for adoption of the proposal.

Delegates of Lee county backed the proposal. The county's motor vehicle tax to raise money for road building was declared invalid by the Arkansas Supreme court.

Delegates of Lee county backed the proposal. The county's motor vehicle tax to raise money for road building was declared invalid by the Arkansas Supreme court.

TOP — No camera could possibly show all of the great crowd which jammed the gymnasium Tuesday night when the Southwest Arkansas Progressive association held its dinner and speaking program. But this scene shows the central portion of the crowd. The galleries were striding also, both to the left and right of the camera, as a Patmos local string band played through the dinner hour. The women of the Patmos community had worked all Monday night and all day Tuesday preparing food for the vast gathering, and with unfailing courtesy they declared afterward they had some left over. Hope and other Hempstead count sections were well represented.

BOTTOM — Left to right: Paul McClellan, president of the Southwest Arkansas Progressive association; Congressman Orrin Harris of Seventh Arkansas District, the speaker of the evening, and himself a native of Hempstead county; Carl Hinton, special representative of the Commodity Credit Corporation, Dallas, Texas, a native of Patmos; and J. I. Liebong, superintendent of Patmos Public schools.

Officers of the Southwest Arkansas Progressive association, besides President McClellan, are: Theo Middlebrooks, first vice-president; Early McWilliams, second vice-president; Dwight Adcock, secretary-treasurer; John C. Johnson, chairman of the education committee; Harold Rateliff, chairman of Policy committee; Oscar Fider, chairman of invitation committee; M. Stanley, chairman of Membership committee; J. I. Liebong, chairman of Food committee; and A. N. Rider, chairman of Finance committee.

The program was recorded and given a delayed broadcast over Station KXAR, Hope, from 6:30 to 7:30 a. m. today (Wednesday) — sponsored by Rufus Martin, well-known Patmos timberman.

Youth Now Believes in Miracles

Oslo, Norway, Nov. 23 — (UP) — A 12-year-old boy with a skinned nose told doctors at a skin hospital today that "a miracle" saved him when 34 others aboard died in the crash of a Dutch mercy plane three days ago.

Doctors and rescue squads were inclined to agree.

Little Isaac Allam, a French-speaking Jewish refugee from the slums of North Africa was found yesterday trapped beneath the tail of the wrecked DC-3 on rugged Hurum peninsula some 20 miles from Oslo. It had crashed Sunday against the damp earth, for more than 40 hours. Around him were scattered the bodies of 27 other Jewish refugee children from Africa, three women nurses and four crewmen.

Among the bodies were those of two of his brothers and one of his sisters. All had been bound for Norway for rehabilitation before going on to new homes in Israel.

Pale and weary, Isaac told doctors at the hospital over and over again: "A miracle. We were flying in a circle. . . all the other children are dead. . ."

Woman Decides She Can Do Better Alone

Newton, N. C., Nov. 23 — (UP) — An elderly textile worker who disappeared suddenly after 22 years, that she had two husbands decided today to ditch them both.

"I can do better by myself," Mrs. Ella Mae Cline commented. She thought that Archie Cline, who she married Hewitt 22 years ago, thinking that Archie Cline, her first husband, was dead.

Then, without warning, the 65-year-old Cline turned up at her home, very much alive and claiming that he still loved his wife.

His wife sent him packing. He had disappeared in 1923, she said, and married Hewitt four years later when she heard Cline had died.

She announced then that she would unravel the tangle by divorcing both.

1. Annulment her marriage with Cline.

2. Divorcing Cline.

3. Remarrying Hewitt.

U. S. Consular Ward, 4 Others Released By Chinese Reds, Ordered Out of the Country

Washington, Nov. 23 — (AP) — Angus Ward, the American consul general at Mukden, has been released from jail by the Chinese communists and ordered out of the country.

The communists also released four consulate aides who were jailed with Ward Oct. 24 on what the state department called "trumped up" charges of beating and insulting two Chinese in a wage dispute.

The department announced today that it had received word of the releases from Ward himself. It was the first direct word from the consul general in a month.

In winding up what the department has denounced as the "barbaric" treatment of Ward, the communists gave him a trial before a "people's court."

This court found them all guilty and meted out varying prison sentences. Then the sentences were commuted to deportation.

Ward, 58-year-old veteran diplomat, made his report in a telephone conversation with American Consul General O. Edmund Clubb at Peiping. Clubb rushed the information to Washington.

Ward said that the other four men and he were "up and about." The state department instructed Clubb to tell Ward that he and his entire staff are to depart from Mukden forthwith.

The four jailed with Ward were Ralph R. Chubb, of Rochester, N. Y., a foreign service clerk; Shiro Tatum, a mechanic; and two European employees of the consulate, Franco Ciccogni and Alfred Kristan. Rehberg and Tatum are American citizens.

In Rochester, N. Y., Mrs. Edward J. Rehberg, mother of Rehberg, greeted the news with "isn't that just wonderful?"

Her first word of her sons' release came in a telephone call from the state department.

There was no explanation here as to what kind of transportation from Mukden might be given the consulate staff. On previous occasions the communists had promised to take the consulate personnel out of Mukden but never made good their promises.

American officials had hopefully looked for some "break" in the case since Secretary of State Acheson's move last week for concerted pressure by 30 nations on the communists. Acheson asked the 30 nations to express their concern to the Chinese communists.

Auto Industry to Feel Steel Strike

Detroit, Nov. 23 — (AP) — Delayed effects of the steel strike will hit the nation's automobile industry hard next week.

With but few exceptions the factories closing tonight for the Thanksgiving day holiday will remain idle until perhaps Dec. 12 or after.

Ford, Hudson and Studebaker and a few branch assembly plants of other companies around the country will furnish all the motor vehicle output next week.

But Ford and Studebaker has announced it will close on Nov. 30. Thus weekly production will tumble sharply to probably not more than 30,000 vehicles. And the plant closings added to those already down will bring temporary idleness to an estimated quarter million automotive workers.

In several instances unemployment will be relieved by the temporary closing of parts fabricating work in many plants. A number of car makers about to swing over to new model production also have kept a substantial number of their employees at work in plant rearranging, inventory, and parts, service and sales operations.

Excepting for Pontiac all the general motors shutdowns coincide with the completion of 1949 model production. Pontiac swung over to 1950 model output last week and carried on until it exhausted its steel stocks.

The same is true also of the various Chrysler divisions, of which all but Plymouth already have closed down new model operations. Plymouth, benefiting by the diversion of steel from the other divisions, has continued a fairly high output rate. It will close its assembly lines after Friday of this week.

Already closed are Ford's Lincoln division, the Nash plants at Kenosha and Milwaukee and Willys-Overland at Toledo.

Kaiser-Frazer, which has been closed down since Oct. 24, has given no indication when its assembly lines will reopen. However, the management has said the shutdown was not due to steel shortages but rather to the necessity of closing down inventories of finished vehicles.

Approximately two-thirds of the industry's productive capacity will be affected by the impending shutdowns.

Industry authorities say the steel strike will have cost close to half a million vehicles before its final effects have been felt in the automotive plants.

7,823 Bales of Cotton Ginned in Hempstead

A census report shows that 7823 bales of cotton were ginned in Hempstead County, Arkansas, from the crop at 1949 prior to November 1 as compared with 10,713 bales for the crop of 1948.

Mary Alice Rogers

MERRY CHRISTMAS — Plans for the evening of December 1st, at which time he will commission Miss Mary Alice Rogers, daughter of Mr. and Mrs. Cecil Rogers as Miss Merry Christmas, his official representative in Hope during the Christmas season.

The program for the evening of December 1st includes Christmas carols by the school choir, under the direction of Mrs. B. C. Hyatt, a religious program under the direction of the Ministerial Alliance, and the welcoming of Santa Claus.

Miss Merry Christmas will be appropriately costumed and will remain in Hope to talk to the boys and girls about their Christmas wishes.

The community Christmas tree this year will be under the direction of the Hope Garden Clubs and the lights on the tree will be the lights of the community.

The decorations will be turned on December 1st.

Not to Probe Release of Navy Chief

Washington, Nov. 23 — (AP) — The reason for removal of Admiral Louis E. Denfeld as chief of naval operations will not be probed by the house armed services committee, Chairman Vinson (D-Ga) so told newsmen today.

Denfeld's removal followed the committee's recent investigation of national defense policies which brought into sharp focus differences of opinion among navy, army and air force leaders. The admiral, a "star" witness, criticized defense policies. His removal was requested by Secretary of the Navy Matthews.

As far as he is concerned, Vinson said, there will be no more hearings in the armed services committee members for a complete airing of the Denfeld buster.

These committee members claimed the committee was assured by Secretary of Defense Louis Johnson that no witness from the armed services would be permitted to freely expressing his views. Denfeld's removal to another post, they said with considerable heat at the time, was a violation of this assurance and an indication that Denfeld was demoted "because he talked."

Chairman Vinson himself said Oct. 23 that Denfeld had been made to "walk the plank" because of his testimony. At that time Vinson said the committee would look into the committee when congress reconvened.

Vinson's committee is due to make a formal report to congress early next year on its study of the defense row. That, said Vinson, will be the end of the episode so far as he is concerned.

Filipino Troops Reinforced in Fighting Guerillas

Manila, Philippines, Nov. 23 — (UP) — The government rushed army reinforcements to Batangas province south of Manila today in an attempt to smash an uprising of 600 guerillas in which 14 men have been killed in two days of fighting.

Twelve constabularymen have been killed and six wounded. Only two guerillas are known to have been killed.

President Elpidio Quirino called the uprising "very serious," but said he was confident reinforcements would bring it under control. He said the revolt was an aftermath of the Nov. 8 election "by people who don't concede my victory."

Batangas is the home province of Quirino's principal opponent of Jose Laurel, who served as puppet president during the Japanese occupation. Latest returns show Laurel trailing Quirino by 400,000 votes, but Laurel has claimed the returns are fraudulent.

An army company of 100 men this morning joined constabularymen besieging guerillas entrenched in the rolling hills south of the city of Batangas, 60 miles south of Manila. Nine more truckloads of army troops in battle gear left Camp Murphy in Manila.

Union Service at Tabernacle Thanksgiving

Union Thanksgiving Service will be held at the Hope Gospel Tabernacle Thursday morning, November 24 at 8:30. This is an annual meeting under the direction of the Hope Ministerial Alliance.

The services rotate among the churches represented by the alliance. Likewise the speaker is regularly from among the ministers.

This year it was both time for the meeting to be held at the First Presbyterian church and for the Presbyterian pastor to speak, but because Rev. Stephen Cook, the pastor, had prior plans taking him and his family out of the city, the services were transferred to the next church in order.

Dr. W. S. Barham of Houston, Tex. who for the past three, and one-half weeks has been conducting revival services at the Tabernacle has been invited to bring the Thanksgiving message. Dr. Barham is a graduate of Toccoa Falls Bible College, of Toccoa, Ga. where he received his B. A. Degree. He took graduate work at Dallas Bible Seminary, where he completed his Th. B. Degree along with a Doctor of Divinity Degree. He attended Southern Methodist University for three years. He has spent 20 years in pastoral work and 12 years in Evangelistic work over the entire nation.

The program for the Thanksgiving service follows:

Rev. S. A. Whitlow, president of the Alliance will direct the services. Rev. S. Joseph Ceno will be in charge of the singing.

Invocation — Rev. S. A. Whitlow, pastor First Baptist church, Offutt — Mrs. S. Joseph Ceno, Scripture reading, Rev. S. Joseph Ceno, Hardegre, pastor First Christian church.

Prayer — Rev. S. A. Whitlow, pastor of First Methodist church, Message — Dr. W. S. Barham of Houston, Tex.

Benediction — Rev. H. Paul Holdridge, pastor Hope Gospel Tabernacle.

Improvements Made in School at Guernsey

Many improvements have been made in Guernsey school of which the pupils, parents and teachers are very proud. Included in these improvements are the following:

The school bought a new set of world book encyclopedia which is very helpful to students in preparing lessons. New library books have also been bought and the Dewey-DeCima filing system has been adapted. It is a much more practical method than the one used in the past.

For the convenience of Physical Education classes an electric bell has been installed in the gymnasium.

In the lunch room a new thirty-two foot electric refrigerator has been purchased. Also new heating system, sterilizing dishes, has been installed. Plans for painting the lunch room are being made.

All class rooms and offices have been repainted with pleasing colors of gray, blue and white blending perfectly. Large wood boxes, for the purpose of holding fire wood, have been built and painted the colors of the class rooms, which have been built and painted the colors of the class rooms, which have been built and painted the colors of the class rooms.

Letters have been placed over the high school rooms so as to arrange them in alphabetical order.

A new butane stove has taken the place of an old kerosene stove in the office; making it a more convenient place to work. Two fountains have been placed inside the school building so school children will not have to go outside for drinking water. They have been arranged so that one drinking fountain is in a grade school class room for the convenience of both the high school and grade school pupils. New pencil sharpeners have also been placed in the study hall and office.

Warm-up suits were purchased for the senior girls basketball team and new suits were bought for the senior boys basketball team.

Portions of the school ground that were previously grown up in weeds and bushes were leveled and cleaned and now serves as a very good play ground for the children, teter boards have been built for them and various other types of play ground equipment is being planned. Ditches have been dug and tile placed for drainage of the school ground, thus destroying the breeding place for mosquitoes.

A new school bus was bought for the convenience of some of the children riding to and from school. Although, these things have been great improvements, the project of improvement has been the complete modernization of rest rooms and the addition of showers. A new deep well electric pump has also been installed.

Star Not to Publish on Thanksgiving

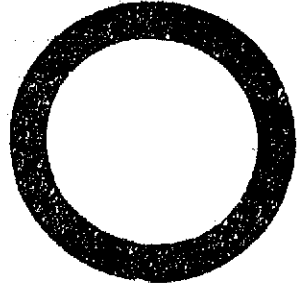

The Star as in the past will suspend publication Thursday, Nov. 24. Thanksgiving Day, this being one of three holidays the newspaper observes each year. The others are July 4 and Christmas Day. All comics and features will be doubled up Friday, November 25.

Dear Editor:
The Blowing PTA sent me as a delegate to the Governor's Highway Safety Conference at Little Rock, November 14 and 15. I enjoyed the trip and acquired a lot of valuable information on the Prevention of Accidents.

Governor McMath started the conference off with a serious and solemn plan that pervaded the atmosphere right down to the final adjournment. His dynamic presentation of the problem of Safety, and the facts and figures, was delivered with a shocking force that blasted any light hearted attitudes out of the minds of the delegates.

In an average year, in Arkansas, there are 400 persons killed, 16,000 crippled, maimed, and wounded, and 20 million dollars property damage due to accidents.

The problem is clear. We should do everything possible to reduce this toll of death and destruction. Every group and every committee worked. Three important factors were derived: — 1. That we need some additional legislation to correct certain legal deficiencies. 2. That every thinking person should help educate his neighbor in Safety Practices. In other words, you and I carry the responsibility of reducing this destruction or allowing it to continue.

We have had death and destruction in Hempstead county in the last 12 months — by accidental means. And there have been "near Accidents" reported. Every moving car and every piece of "live ammunition" constitutes a potential killer. Treat them as such. Let us think, talk and work to reduce the Accident toll in our county and therefore, in our state.

Ike Still Not Interested He Says

Washington, Nov. 23 —(AP)— Gen. Dwight D. Eisenhower's latest thumbs-down on a presidential candidacy found about as many believers as cynics in Washington today.

Eisenhower told reporters at Cincinnati yesterday that he is devoting all of his time to his job as president of Columbia university and has no intention of seeking political office.

Politicians willing to take the general at his word argued that Eisenhower seems to be pursuing the course least likely to win him a nomination by repeating this statement.

Cynics contended that the general's word left him open to possible draft by the Republican national convention in 1952. They said such a draft would mean a nomination by leaps and bounds, for instance, if GOP candidates don't fare so well in the 1950 congressional races.

While this speculation occupies the Republican camp, Democrats wondered, whether James E. Byrnes might be laying the ground work for an anti-Truman organization with his attacks on the President's "fair deal."

Some officials on the administration's side repeated reports that a movement may be under way to form such a group.

As a former secretary of state in the Truman cabinet and a former Supreme court justice, Byrnes' attacks on what he calls the "socialistic programs" of the President are regarded here as bearing more weight than the same words uttered by Republicans.

Byrnes' speech to the Southern Governors' conference was credited in part for the adoption yesterday by that group of a resolution opposing government regulation of individuals and calling for restoration of state sovereignty.

WALTER E. LAMBERT

Boy Who Killed Brother, Fleed Returns Home

Springfield, Vt., Nov. 23 —(AP)—A terror-stricken boy who said he fled 80 miles in panic after killing his young brother with a rifle blast returned home today in custody of his father.

Forrest Priest, 16, was picked up last night in a Northampton, Mass., bowling alley — cold, hungry and friendless.

Northampton Police Sergeant Charles Rich quoted the boy as saying the shot that killed his brother, Kenneth, 14, was discharged accidentally while he was examining a .22 calibre rifle at their lonely farmhouse.

Convinced that the boy was telling the truth, Northampton authorities turned him over to his father.

Ex-Marine Shot by Police After Wounding Wife

Miami, Fla., Nov. 23 —(AP)—A beserk marine veteran was shot and killed by a policeman today a few minutes after he seriously injured his pretty brunette wife in their suburban apartment.

A year-old baby in a bedroom a few yards away was not harmed.

Policemen John Pate and W. H. Brown identified the dead man as Alexander Sokolsky, 28, and said he was released from Veterans' hospital, Coral Gables, yesterday.

His wife, Rita, 24, was reported in critical condition at a hospital.

DR. FRANKENSTEIN

MAKES ANNUAL SPECIAL CHRISTMAS OFFER

The season of the year again prompts Dr. Frankenstein, popular and well-known eyesight specialist, to make the following announcement in appreciation of the wonderful business given him by the people of Texarkana and surrounding territory. From now until Christmas I will save you money on your optical work at my office, 320 West Third Street, Texarkana, Texas. It is generally known in Texarkana that when Dr. Frankenstein advertises a special offer you can expect a real savings on your optical work. Nothing has been left undone to assure you of courteous service and careful analysis of your eye needs. Thousands in and around Texarkana are now wearing and gazing Dr. Frankenstein's glasses in no uncertain terms. We use only first quality lenses and frames with a reputation. Dr. Frank-

enstein urges the public in need of glasses to come during this special offer, as optical frames such as I use are advancing and will probably go higher. My office was in Texarkana yesterday, is here today, and will be here tomorrow. Dr. Frankenstein's words of advice to patients are: "Before you buy your next glasses or have your eyes examined, investigate the record, the character, the financial responsibility, and how long and how much experience the person to whom you entrust your eyes has had. Remember, Dr. Frankenstein started fitting glasses in Texarkana 40 years ago... and can prove it. Thousands of satisfied patients. Ask anybody who is somebody. And if the conversation pertains to eyesight, chances are they will say, see Dr. Frankenstein, Optometrist."

Uniforms are Issued to Legion Cagers

The American Legion Independ-
ent cage team will hold a prac-
tice game with Elvings Wednes-
day night. Suits were issued to the
following Monday night: Guards-
Mohon, Green, Jackson, Bullock,
and Rhodes; Centers: Doss and
Byers; Forwards-Kellum, Mullins,
Boys and Reeves.

Tulsa Picked to Defeat Arkansas

New York Nov. 23 —(P)— Mak-
ing the final football selections not
in the least pleased with an av-
erage of .800 for the season on 529
correct picks of 657 games.

This week's picks:
Notre Dame over Southern Cal-
ifornia: A year ago the Trojans
allowed the Notre Dampers to score
a tying touchdown in the final min-
utes. Come Saturday the Irish will
pile up an early score and retain
their ranking as the nation's No. 1
team.

Army over Navy: This game an-
other Saturday feature will have
10,000 spectators. All of them will
be surprised if Navy wins.

Cornell over Pennsylvania: This
Turkey day contest has the Ivy
league pennant at stake. Cornell's
sharp attack led by Dorset and
Chollet to defeat the Quakers.

Rice over Baylor: The advan-
tage of playing at home gives Rice
the thin edge in this one with a bid
to the Cotton bowl going to the vic-
tor. It is a Saturday contest.

Texas over Texas A&M: Almost
everyone has belted the Aggies this
year, the cheering cadets may in-
spire the club to give the Long-
horns a rough Thanksgiving after-
noon.

Kentucky over Miami: A victory
for Kentucky Friday night would
make them eligible for bowl con-
sideration.

Oklahoma over Oklahoma A&M:
Jim Lookabaugh quits as A&M's
coach after this game. But this
team will need more than the de-
sire to give him a farewell vic-
tory to defeat the Sooners Saturday
afternoon.

Louisiana State over Tulane:
Strictly on a hunch.

Auburn over Clemson: One of
the South's better players Travis
Tidwell to shine in his collegiate
farewell.

Finishing the rest in a hurry:
Thursday: Brown over Colgate
Chattanooga over Duquesne Col-
lege of Pacific over California Poly-
technic over Wichita, Maryland
over West Virginia, Missouri over
Kansas State over Utah

Friday: Virginia Military over Virginia
Tech Wyoming over Denver,
Houston over St. Louis.

Saturday: Rollins over Muckungum.
Saturday: Alabama over Florida,
Boston college over Holy Cross,
Colorado A&M over Col or a d o,
Georgia Tech over Georgia, Kan-
sas over Arizona, Mississippi over
Mississippi State, North Carolina
over Virginia, Southern Methodist
over TCU, Tennessee over Vander-
bilt, Tulsa over Arkansas.

Packed Stadium Likely for Cat, Scrapper Game

Hope and Nashville will battle it
out in their annual Turkey Day
contest here tomorrow which is
expected to draw the largest crowd
of the season to Hammond's sta-
dium. The game has been called for
2:30 p.m.

Nashville, which hasn't won since
early in 1945, probably has its best
chance this season. The Scrappers
boast a heavy 178 pound line to
167 for the Bobcats. However, the
Bobcats backs average 159 to 144
for the Scrappers backs. Both
teams average in at 165 pounds.
The visitors should be in good
physical condition having been idle
last week, while Hope is probably
in its worst shape since the seas-
on started following a bruising
game at Magnolia last week.

The Bobcats have at least five
regular starters with various ail-
ments although all of them prob-
ably will start the battle. However,
it's not likely that all will get to
play the full game, which depends
on returning old ailments which
have not had time to heal prop-
erly. The ailments range from muscle
soreness to sprained ankles and
twisted knees.

Although not too serious they are
painful and will slow the boys
up plenty — a factor that could
help Hope against the heavy Nash-
ville line. Added with that all de-
ciding factor that Nashville is al-
ways "up" for this game spells
trouble for the Bobcats.

It should be a jam-up affair with
nobody surprised at the outcome
either way. Its an annual contest
that the fans love and a packed
stadium tomorrow, weather per-
mitting, will testify to that.

The lineups:

165 Bensley	LE	Nashville	Watson 170
164 Keith	LT	Westfall 185	
170 Watson	LG	Coleman 170	
169 Bruner	C	Callahan 185	
188 Johnson	RG	Webb 160	
170 Garrett	RT	Reeves 200	
155 Barendine	RE	Staggs 175	
155 LaGrone	QB	McCullough 125	
157 Neal	HB	Goodrum 155	
157 E. Nix	HB	McAlister 155	
165 Huddleston	FB	Tollett 140

Tigers All Set for Game Thurs. Night

Coach R. J. Torrence has been
drilling the Tigers hard in order
to be in excellent condition for the
"Turkey Day" game with Smack-
over, Thursday night, 8 p.m.

A large number of fans are ex-
pected to be on hand to witness
the first Thanksgiving Day game
to be played by the Tigers in sev-

eral years. The last such game was
in 1947 when the Tigers defeated
Peake High of Arkadelphia in a
very close contest.

The "Turkey Day" game prom-
ises to be a scrappy one with
both teams going all out in an
effort to gain a victory.
Tickets for this game are on
sale at Jack's News Stand, Stew-
art's Jewelry, Royal Cleaners',
Hick's Funeral Home, Calvin's
Place and Lewis Grocery.

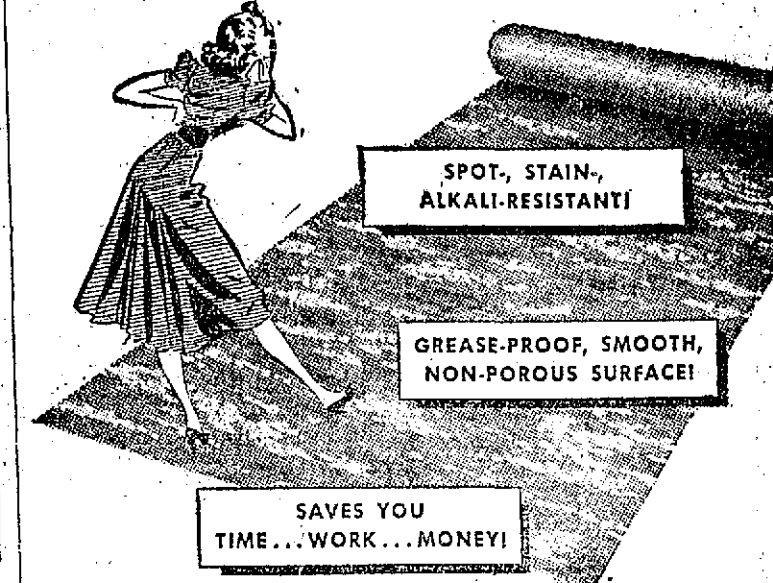

Most sold taken in the Fairbanks,
Alaska, area is mined by giant
dredges larger than the average
two-story house.

Pointed Remark
After Oklahoma finished trim-
ming tough Santa Clara last Sat-
urday the crowd suddenly fell
silent instead of giving out with
the usual victory whoops. Then
a fan with a fog-horn voice cut
loose: "You all gave 21 points.
That's why you're so quiet."

The Alaska Highway is 1,000
miles long.

THIS YEAR

we have so much to thank you for...

THROUGHOUT this great country, people
are taking time out from their labors to
express thanks through prayer and thanksgiving.
And along with these personal expressions of
gratitude, we would like to add a special message
of thanks to all our friends, both old and new.
THANKS to all of you who have bought new
Chevrolet cars and trucks from us. We appreciate
your choice, and know you will find true driving
enjoyment in the extra-value Chevrolet offers.
THANKS to those of you who have placed orders
and are waiting delivery. Your patience and your
loyalty to the Chevrolet standard will find a sure

reward in the complete satisfaction your new
Chevrolet will bring you. THANKS to our many
service customers, for the confidence you have
shown in our service methods. We are proud of the
fact that you like the way we take care of your
car. We are happy that you keep coming back to
us when it needs attention, because we want your
car to give you perfect satisfaction.

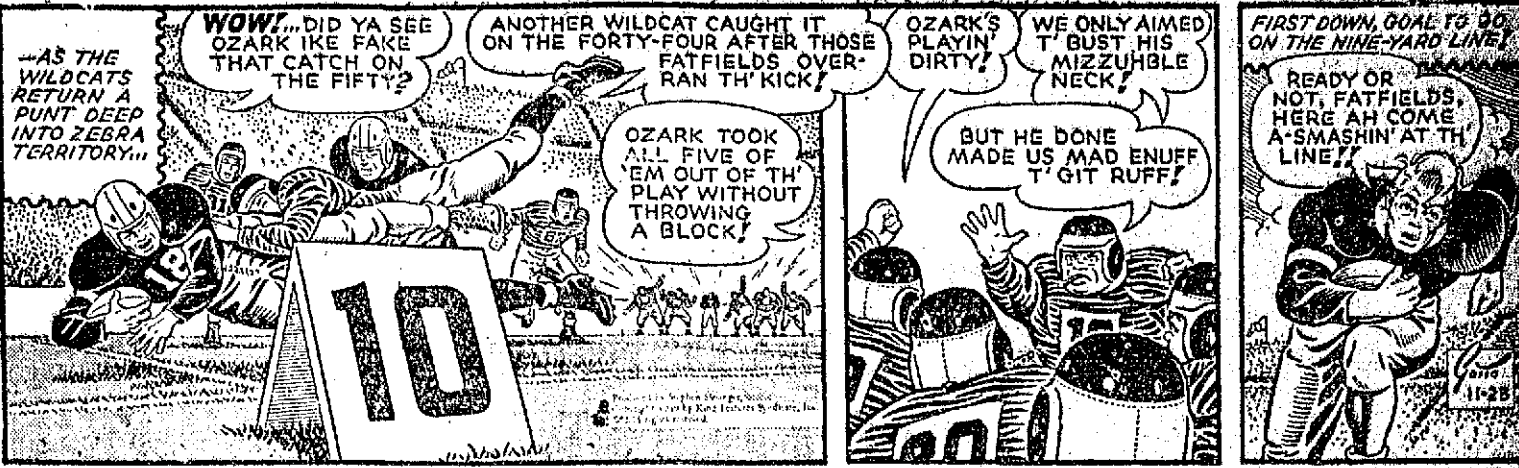

THANKS to everyone who has made this one
of the greatest years in Chevrolet history... in
new car sales, in new truck sales, in service. Your
preference has proved again that Chevrolet is the
car America likes best, and we thank you for it.

Two Claim Presidency of Panama

Panama, Panama, Nov. 23 — (AP)—Two men claimed the presidency of Panama today after a wild night of rioting in which one child was killed and 11 wounded.

Police gunfire smashed a near-revolt as Dr. Daniel Chanas, Jr. forced to resign as president Sunday in a national police coup — led thousands of supporters in a march on the presidential palace in an attempt to regain power.

Inside the palace behind police guards was Roberto Chirari, former vice president who was sworn in as president after Chanas bowed to a police ultimatum and resigned. He insisted he would sit tight and remain president.

National police, who are Panama's only armed force, dispersed the marchers with machinegun bullets, rifle fire and tear gas.

The demonstrators had rallied behind Chanas as he dramatically strode into a session of the national assembly declared: "I withdraw my resignation." He flung the letter to the floor and insisted he still was the constitutional president of Panama.

The 58-year-old surgeon-politi-

cian, who had served as president only four months until he was ousted by Police Chief Col. Jose Remon, then led a crowd of demonstrators that grew to thousands as they passed through the streets.

In Cathedral Plaza, a block from the presidential palace, the

police opened fire. For two hours rioting flared at a hot pitch. Six buses were overturned. Windows of fashionable shops were smashed and looting broke out.

As dawn appeared Remon's national police appeared to be in full control of the city.

Remon, Panama's new "strong man," was the central figure in the latest political crisis. Chanas tried to fire him, along with two deputy police chiefs, last Saturday on charges that they were involved in illegal business monopolies. Instead of resigning, Remon sur-

rounded the presidential palace with armed police and said the shooting would start unless Chanas himself resigned.

American sleeping car passengers use about 65,000 gallons of liquid soap a year.

ARKANSAN KILLED

Pateros, Wash., Nov. 23 — (AP)—A trip to a birthday party ended in death for two youths, one of them an Arkansan, last night.

Leroy Woods, 19, and Harold Dean Ball, 20, the latter of Fayetteville, Ark., were killed when

their auto crashed into a concrete bridge.

A third youth, Richard Walter Knowles, 21, whose birthday they were going to celebrate, was injured critically.

Though its total border line is

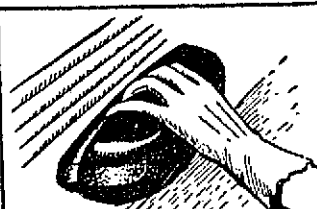

only 1600 miles, Austria, is bounded by seven countries: Switzerland, Italy, Yugoslavia, Hungary, Czechoslovakia, Germany and Liechtenstein.

About a quarter of Austria's population lives in Vienna.

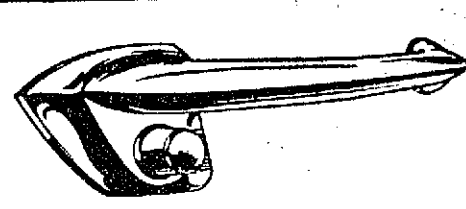

Check the Fine Car Features at your Ford Dealer's Today!

□ New rubber seals and reveal molding on windshield and back window add snugness.

□ Arm-rest door closer now provides a finger-fit grip to ease doors easier.

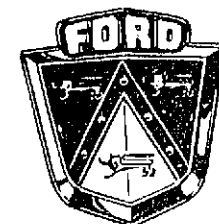

□ New front-seat springs of non-sag construction are firmly buoyant for restful posture.

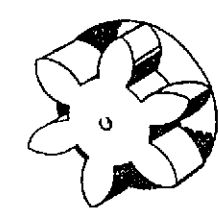

□ New foam rubber front-seat cushions hold their shape, provide added comfort.

□ Touch-button latch. Yes, a touch on the button is all it takes. Sleeves can't catch.

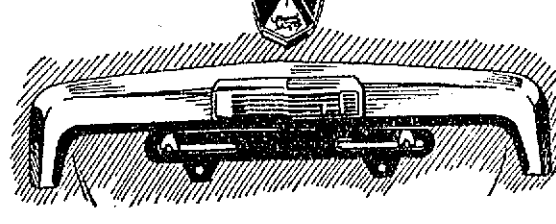

□ New design exterior handles, anchored at both ends, have the grace of fine silverware.

□ Style note—that's the new, rich Ford medallion on hood and rear deck—It's beautiful.

□ New rotary door locks as in costliest cars—doors close silently and securely.

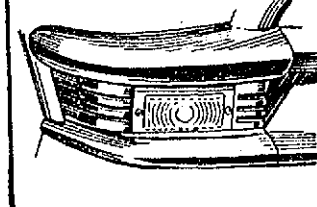

□ New ornamental deck-lid handle forms attractive frame for license plate.

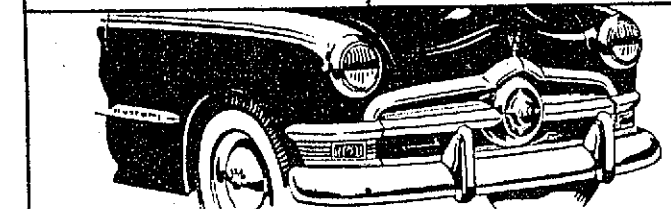

□ Deck-lid latch, too, is new. Luggage Compartment opens with finger-tip ease.

□ Long life has been added everywhere to the engine, frame and body. That's Ford quality!

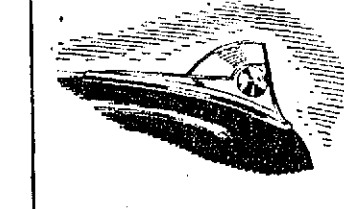

□ Parking lights are now re-positioned and re-styled—another touch of beauty you'll like!

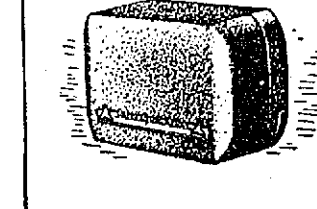

□ New streamline details in good taste bring new beauty to the "Fashion Car."

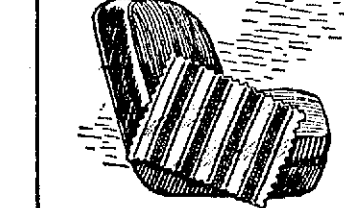

□ New bumper guards and new bumper support arms keep you safer . . . in style.

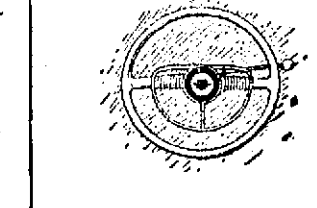

□ Hood ornament of new design adds a touch of distinction to Ford's famous beauty.

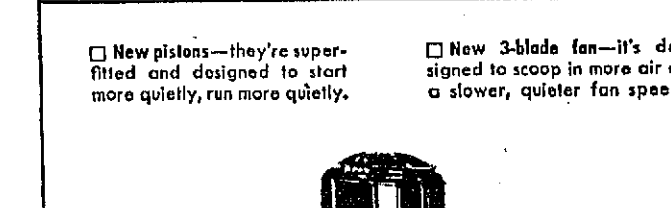

□ "Magic Air" Heater in the 1950 Ford has higher speed motor to increase air flow 25%.

□ New fabrics are a decorator's dream—your choice of long-wearing broadcloth or mohair in rich clear colors.

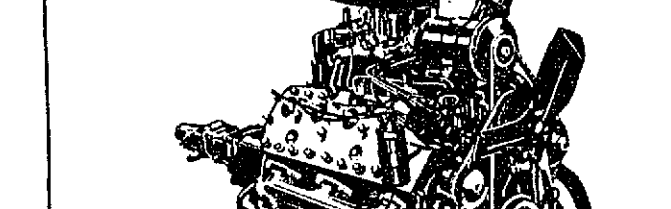

□ Horn ring is smart looking and of new shape to prevent snagging of sleeves—or a lady's bracelet. Needs only a touch.

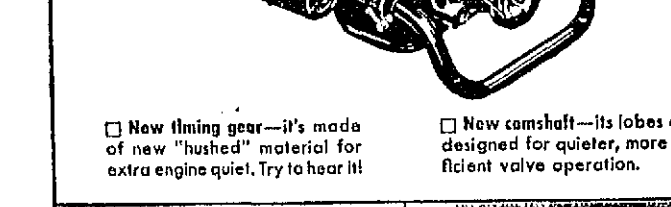

□ New pistons—they're super-fitted and designed to start more quietly, run more quietly.

□ New 3-blade fan—it's designed to scoop in more air at a slower, quieter fan speed.

□ New timing gear—it's made of new "hushed" material for extra engine quiet. Try to hear it!

□ New camshaft—its lobes are designed for quieter, more efficient valve operation.

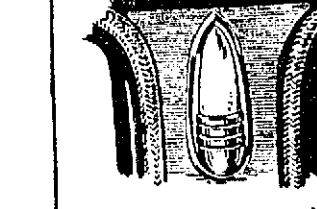

□ New timing gear—it's made of new "hushed" material for extra engine quiet. Try to hear it!

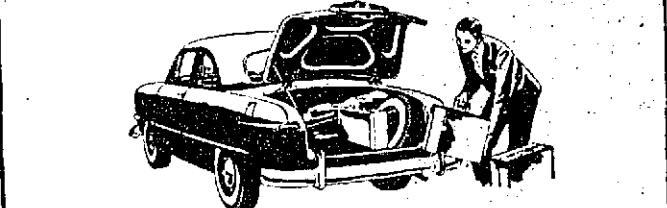

□ New camshaft—its lobes are designed for quieter, more efficient valve operation.

□ New solar styling in a steering wheel that's a pleasure to touch. Positive grip.

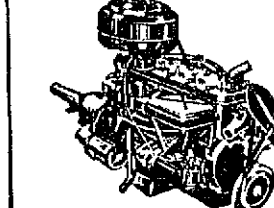

□ Automatic courtesy light goes on when you open either of the front doors—convenient.

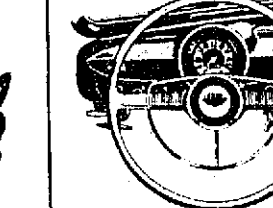

□ New lined luggage locker offers more baggage space than any other car at Ford's price.

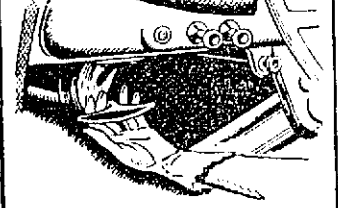

□ New rear bumper has rib and new mounting arms for greater protection against impacts.

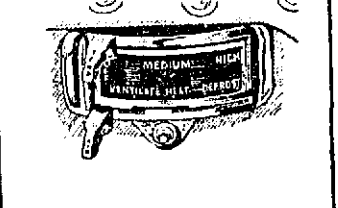

□ Finer Six, too—95 h.p.—the most advanced Six you can buy. Gives greater economy.

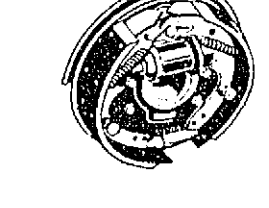

□ New concave instrument knobs have brilliant, new contrasting colors.

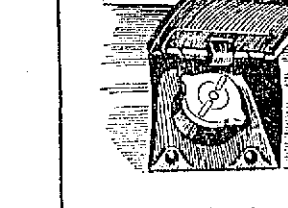

□ Hand brake operation is easier because of zinc-based permanent-type lubricant.

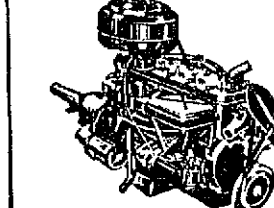

□ New "Magic Air" Heater control clearly marked, lighted for easy reading, easy to operate.

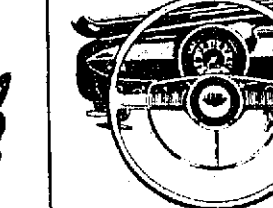

□ Sealed brakes—protected against dust and water for greater safety.

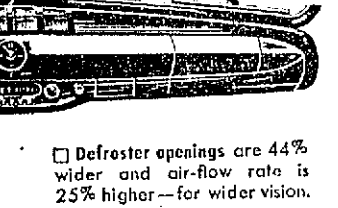

□ New gas filler tube and cover—new non-spill vent tube. Closed cover blends into body.

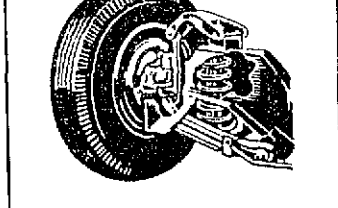

□ Defroster openings are 44% wider and air-flow rate is 25% higher—for wider vision.

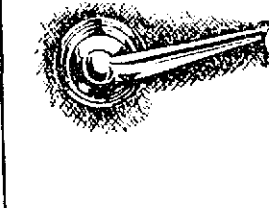

□ Interior light switch now located on the instrument panel. It saves groping in the dark.

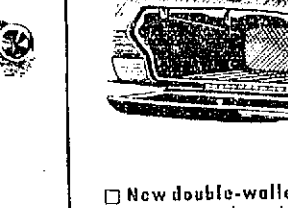

□ Improved front suspension with new torsional stabilizer adds to Ford's roadability.

□ Smart hardware, inside and out, has been designed to give you more than beauty.

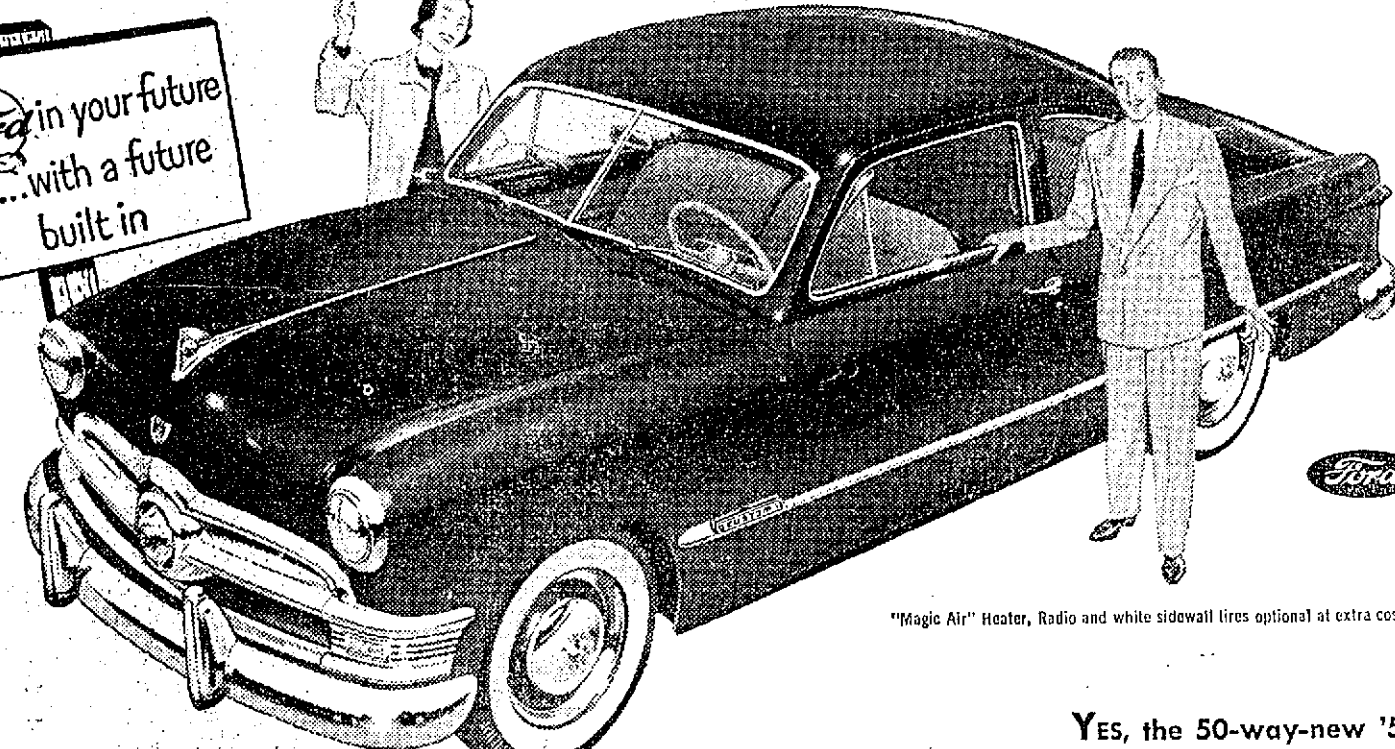

□ New double-walled glove compartment door has new piano-type hinge. Looks and works better.

□ Exclusive 100-h.p. V-8 performance for brilliant pick-up, smooth response, safe control.

□ New floor coverings in both front and rear, are made of rich and durable materials.

There's a Ford in your future... with a future built in

"Magic Air" Heater, Radio and white sidewall tires optional at extra cost.
